### GERMANS MAKE BRAVE COUNTER ASSAULTS

Declared Today Russia Fighting  
in a Political Battle in Carpathians to the End of Di-  
viding the Dual Monarchy.

London, April 9. (11:55 a. m.)—The French movement between the Meuse and the Lorraine frontier is developing a distinct offensive, with General Joffre pushing his advance while the Germans are making fierce counter-attacks. This is the substance of the latest dispatches reaching London from the continent.

According to analysis of the situation by the French general staff, the French offensive movement of the last few days has been in three sections. The first is on a front of fourteen miles to the east of Verdun, the actual line running southeast from a point near Etain; the second on a front between St. Mihiel and Pont-aux-Moulins where the French are attacking from the south and the third is in the north in the vicinity of Goussainville, where the French now dominate the valley of the Orne and are threatening the railroad beyond the river Orne with attack.

The French advance is thus being pressed from three bases in three different directions. According to Paris official reports, French forces on fronts many miles long have occupied new ground, measuring from several hundred yards to two miles deep.

Special dispatches from Hungary express the belief that the Russians are fighting their battles in the Carpathians for deliberate political ends, the end of which is to sever the Hungarian dual monarchy. Some confirmation is given this theory by the reported alarm in Italy over the possibility of Austria-Hungary concluding a separate peace.

GERMANS RETALIATE BY  
BURNING SOME VILLAGES

Berlin, April 9. (Via London, 3:55 p. m.)—The official statement given out by the German general headquarters' staff says:

In the western theater: The Belgians again have been driven out of the demolished hamlet of Drei Grachten on the Yser canal. Two Belgian officers and 100 men and two machine guns were captured.

Washington, April 9.—Dr. Ernest P. Magruder of this city, one of the physicians at the head of the American Red Cross unit in Serbia, has fallen a victim to typhus fever. His death was reported today from Belgrade to Red Cross headquarters here.

Dr. Magruder is the second American surgeon to give his life to the American Red Cross work to cope with the epidemic of typhus in Serbia. The first was Dr. Joseph P. Donnelly of Brooklyn. Of six American surgeons and twelve nurses who went in the Red Cross unit to Serbia only one has been untouched by the dreaded disease. He is Dr. G. F. Butler. None of the other cases however has resulted fatally.

Dr. Magruder was 40 years old. His father, C. E. Magruder, lives at Annapolis, Md., and his widow and two children are in Scotland, where they have been since he went to Serbia.

Under the quarantine regulations the bodies of Dr. Magruder and Dr. Donnelly cannot be brought home for a year.

RAILROADS KICK ON  
PRODUCING HISTORY  
ASKED BY THORNE

Chicago, April 9.—Protest was entered today by counsel for the 41 western railroads seeking freight rate advances from the interstate commerce commission against answering the numerous interrogatives regarding railroad financing which were proposed yesterday by Clifford Thorne of Iowa. Thorne is head of the opposition by sixteen state commissions to the advances.

The objections were filed by C. C. Wright, chairman of the railroad committee, who argued that the questions did not properly belong in the present hearing and that they were unnecessary, as all books and original records have been open to the shippers all through the hearing.

LEGISLATOR WHO  
SOAKED EDITOR  
IS FINED \$10

Denver, April 9.—A. P. Ardoore, a member of the Colorado House of representatives today was fined \$10 and costs in the justice of the peace court for assault and battery, upon complaint of C. H. Newell, editor of the Denver Express. The editor and the legislator mixed in a fist fight on the floor of the house last week. Newell was publicly reprimanded by the house. Then Newell had Ardoore arrested. Ardoore announced that he would appeal to the district court.

HOGS MAY MOVE  
FROM CHICAGO YARDS  
AFTER NEXT MONDAY

Chicago, April 9.—The shipment of hogs out of the Union stockyards to other states will be permitted beginning Monday, it was announced today by W. E. Bennett, chief of the federal inspectors at the yards.

Geneva, Switzerland, April 9.—(Via Paris, 4:25 p. m.)—The German government today besides prohibiting exports from Germany to Italy is stopping at the frontier stations all empty Italian freight cars bound homeward. Passenger trains arriving in Switzerland today from Italy are crowded with German families.

counter attacks made by the enemy."

### ENGLISH GIVE OUT ONE MORE DEATH LIST

London, April 9. (4:55 p. m.)—Another extended list of casualties totaling 1,188 names was issued by the British war office today and it emphasizes the fierceness of the battle of Neuve Chapelle in France last month. Killed in this latest list number 326.

The British casualty list issued today, when added to those issued in the previous two days, shows that a total of 4,658 men were either killed or wounded or missing, and to a large extent these casualties were attributed to the battle of Neuve Chapelle. Out of the casualty total of 4,658 for the three days given 1,331 men were killed.

### ANOTHER VERSION OF THE GERMAN STATEMENT

Berlin, April 9.—By wireless to Sayville.—The German army headquarters report, issued under date of April 9, says:

"The Belgians again were ejected from Drei Grachten. The place was destroyed. Two Belgian officers and 100 men were made prisoners and two machine guns were taken.

As a reply to the French bombardment of places behind the German front, Rethen, where strong forces and batteries had been assembled, was shelled with incendiary bombs.

To the north of the wood of Beausejour northwest of Le Mesnil, the Germans took several French trenches and two machine guns.

In the Argonne a French infantry charge in which the French threw bombs with asphyxiating effect failed.

Fighting between the Meuse and the Moselle continues with increasing vehemence. The French had the heaviest losses, while their charges were absolutely without success.

"On Sudekopf dum dum bullets were found on a man of the French 334th regiment, who was taken prisoner.

An Hartmanns-Wedekopf an artillery duel took place.

In the eastern theater no event with the exception of some fighting which developed to the east of Kalwaria, but which had not yet terminated, occurred.

It will be noticed that the Berlin official report of today as transmitted through London is considerably more extended than the foregoing rendering of the same report, which came by wireless from Berlin to Sayville, N. Y., and also that the wireless dispatch contains a reference to dum dum bullets, which was not in the message from London.

Washington, April 9.—Dr. Ernest P. Magruder of this city, one of the physicians at the head of the American Red Cross unit in Serbia, has fallen a victim to typhus fever. His death was reported today from Belgrade to Red Cross headquarters here.

Dr. Magruder is the second American surgeon to give his life to the American Red Cross work to cope with the epidemic of typhus in Serbia. The first was Dr. Joseph P. Donnelly of Brooklyn. Under the quarantine regulations the bodies of Dr. Magruder and Dr. Donnelly cannot be brought home for a year.

### FRONT REPORT SAYS LITTLE ACTIVITY YESTERDAY

Paris, April 9. (Via London, 2:45 p. m.)—The official communication from the war office this afternoon says:

"British troops repelled during the night of April 7-8 a German attack.

Between the Meuse and the Moselle fresh progress was made. At Les Eparges we gained new ground and have recrossed the trenches captured from the Germans which were choked with bodies so as to make the parapets face the other way, as we were repelled at the close of the day two
